Episode 4: "When Dreams Can't Come True"

Life rarely goes as planned. So what do we do when we discover our dreams and plans for the future can't—or won't—come true?

QUESTIONS

01 Discuss a situation in which things worked out very differently than you expected or planned. Was the outcome positive or negative?

02 Has someone you know ever gotten what you wanted? What happened?

03 Have you ever felt like God promised or owed you something, only to find that your dream would never come true? If so, how did you respond?

04 Andy said, *"Dreams that don't come true say nothing of God's faithfulness or activity."* Is that difficult to believe? Why or why not?

05 Is there a dream you have that hasn't come true? If so, how could placing your trust and hope in God help you make peace with your unfulfilled dream?

NOTES

BOTTOM LINE

Dreams that don't come true say nothing about the goodness of God.
